OBJECTIVE

I am graduated Bachelor of Computer Applications and Currently I am Completed Data Science and Ai Postgraduate Course, seeking data science and ai Internship to apply strong skills like Machine Learning, Python, SQL, Pandas, Matplotlib, Power Bi, Data Visualization, Data Cleaning etc...

EDUCATION

Bachelor of Computer Applications (BCA), Saurashtra University 2022 –2024

Data Science and AI, Digicrome Academy
Relevant Coursework: Data Analytics, Machine Learning, SQL, Python, Statistics, Power Bi

SKILLS

Technical Skills	Excel, Matplotlib, Seaborn, Power BI, SQL, Python, Pandas, Machine Learning
Soft Skills	Analytical Thinking, Problem Solving, Communication, Teamwork, Adaptability
Tools & Platforms	VS Code, PyCharm, Jupyter Notebook, Power Bi, Tableau

EXPERIENCE

Internship | Next Hikes Dec 2025 – Present
Noida, India

- data cleaning and optimization in Excel to advanced exploratory analysis using Pandas and Seaborn.
- Developed a strong ability to build user-centric applications and interactive dashboards that simplify complex information.
- Improved reporting turnaround time and ensured higher data accuracy in safety submissions.

PROJECTS

Bike Sharing Demand Anaysis using Excel – Next Hikes IT Solutions Internship. Turning messy information into data cleaning using advanced Excell, to optimize data, in my Bike Sharing project, I used Power-Query, VLOOKUP, if-else to clean thousands of rows data and built a Charts and interactive Dashboard with Pivot Tables for visualization.

Calculator Application using Python Tkinter – A robust, interactive Graphical User Interface (GUI) calculator built with Python and Tkinter. This project demonstrates the implementation of mathematical logic, error handling, and responsive UI design for daily computational tasks.

Retail Transaction Data Analysis (EDA)| Python (Pandas, Seaborn, Matplotlib) – Turning messy information into data cleaning using Pandas and handle missing values and outliers, I also used Matplotlib, Seaborn for Data Visualization and Business Insights.

CERTIFICATIONS

- Python for Data Science – IBM
- Azure Dara Fundamentals – Microsoft
- Post Graduate Program in Data Science and Artificial Intelligence – Digicrome Academy
- IT Fair (Attendance App)– OMVVIM College, Morbi (Feb 2024)
- The Hour of Code – Code.org (Sponsored by Infosys Foundation USA) (2022)
- Ai For All (Ai Aware) – Digital India (Feb 2025)
